

TriCounty**Community** NETWORK

Working together. Enhancing life.

Where to Turn Guide

The TriCounty Community Network (TCN) is a catalyst for change... a link where community providers, agencies and businesses can turn for collaborative solutions to problems; a vehicle to help community members identify important resources; a place to find critical community services. We keep abreast of the current issues impacting southern Berks, northern Chester and western Montgomery counties and move forward with specific, impactful programs. Our 5 year strategic goals include:

- Providing comprehensive information and referral service to the tricounty communities,
- Providing a forum for exchange of information and resources
- Diversifying our membership network to include for-profit businesses committed to the community
- Diversifying our board to represent health, environment and social sectors,
- Establishing a speaker's bureau for programs and projects
- Increasing the recognition of the organization's mission to attract collaborative endeavors

Our mission is to build relationships among organizations, community members and businesses through advocacy, information sharing and education to improve health, social and environmental conditions within the TriCounty area.

The organization exists thanks to community members and advocates who are the voices for underserved and at risk populations. TCN moves forward thanks to the ongoing relationships with social, health, and environmental sectors of the tricounty communities.

Gallery School of Pottstown

The Gallery School of Pottstown is a not-for-profit art education facility, located in Gallery on High. Our mission is to provide a solid educational foundation to youth, adults and seniors alike. We help students foster their creativity and develop their talents both for personal enrichment and as a foundation for advanced studies in the arts.

Gallery on High is located in a fully restored Victorian building, and the main floor gallery hosts rotating exhibits and the upstairs gallery displays more permanent works by members of the gallery. Displayed works range in styles from impressionist to realism, from two-dimensional to three-dimensional - in a variety of mediums.

Wings of Victory Outreach Corp

SERVICES: Sheltering the Homeless - Our goal is to send a "ray of hope" for a better life to the homeless by providing programs that develop self sufficiency through transitional housing, employment, education, and character building. We define success in this program when women gain the skills needed to function responsibly and effectively in daily life. In an effort to bring this vision to fruition, we are trying to form collaborative partners that will support and provide services to our target population. We are in the process of fundraising for this project and donations are welcomed and appreciated.
